Holy Ascension Orthodox Christian Mission Centre

LIMITED SPACE

Due to our small sized premises and growing attendances, please be mindful of the following:

Please leave the entrance/exit and the area immediately in front of the candle area, and the icon stand next to candle area, free of any obstructions.

Do not leave prams, walkers, bags...etc., in the entrance/exit and the area immediately in front of the candle area, and the icon stand next to candle area. Caution: Do not leave valuables in unsupervised areas)

Do not stand in the entrance/exit and the area immediately in front of the candle area, and the icon stand next to candle area during church services.

We need these spaces to be kept free:

- 1) as a safety precaution, for example, in case of fire.
- 2) for people to freely move about as they enter the church to light their candles and venerate icons.
- 3) For people to freely exit the premises.

Please respect these guidelines and the ushers that encourage you to stand in the main body of the church and not to stand in these areas.
